The Snug is a fixed recessed trimless downlight that redefines ambient illumination with its exquisite design, versatile features, and unparalleled performance.

You can customize the Snug to your own specifications, choosing from a matt white or matt black powder finish, or from three beam angle options: a sharp 24°, a generous 36° or a wider 60°.

With a choice between a 2700K, 300K, or 4000K glow, you have ample options on how to highlight any interior space or object.
